

Motorola MT352 Radio Basic Operating Instructions

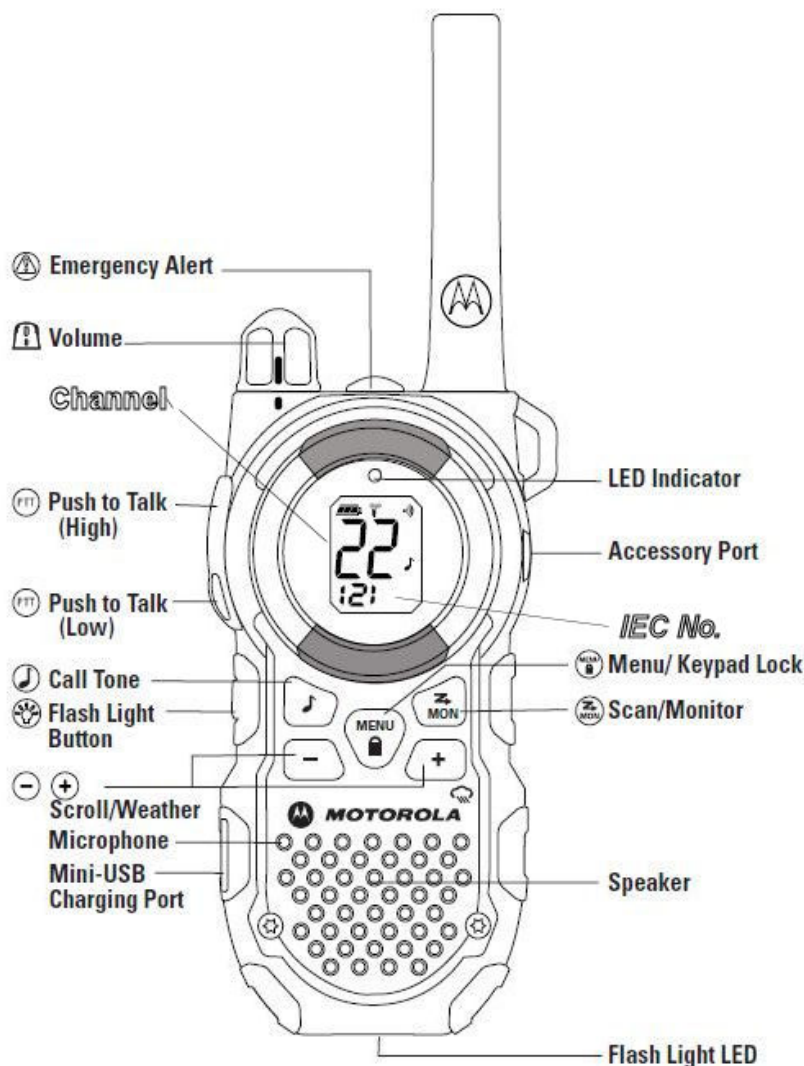

Turn the radio on by rotating the rotary volume control on the top.

To select a channel, press the 'Menu' button until an outlined radio icon displays. Then press the '+' or '-' buttons to select the desired channel (large numbers). Press the 'PTT' button to save the channel setting.

To select an Interference Eliminator Code (IEC), press the 'Menu' button until the code starts to flash. Then press the '+' or '-' buttons to select the desired value (small numbers). Press the 'PTT' button to save the IEC setting.

To send a message, press the PTT button and talk into the radio. Release the button when you are through speaking.

If you accidentally lock up the radio ('Lock' icon is displayed), press and hold the 'Menu' button until the lock icon is no longer displayed.
